

HANDRAIL YHL.40

Life-blend® PVC Free

The YHL.40 handrail is the new Styla solution for a handrail with a modern and elegant design. The die-cast aluminum wall support guarantees a sturdy hold on the wall, without sacrificing aesthetics. It can also be installed on double-plate plasterboard wall.

SMOOTH FINISH

Handrail with a smooth finish to guarantee perfect hygiene and cleanliness.

CONTINUOUS PROFILE

Various accessories available to offer a continuous and sturdy bar, in aluminium wrapped with Life-blend®, to ensure the highest sustain and security in your stairs and hallways.

BOTTOM CLOSURE

The horizontal handrail bar is free from the bottom closure profile to guarantee a secure handle and a better surface cleaning.

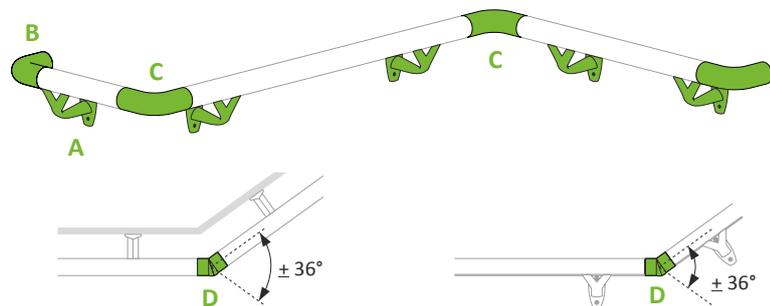

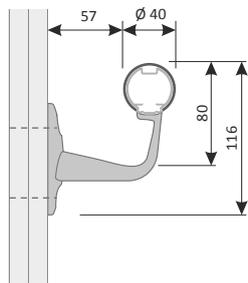

Life-blend®

- Fire reaction B s1 d0
