

# HANDRAIL WHL.40

LIGHT WOOD EFFECT

Life-blend® PVC Free

## SMOOTH FINISH

Handrail with a smooth finish to guarantee perfect hygiene and cleanliness.

## CONTINUOUS PROFILE

Various accessories available to offer a continuous and sturdy bar, in aluminium wrapped with Life-blend®, to ensure the highest sustain and security in your stairs and hallways.

## DIP PRINT COLOR

The wooden effect finish is obtained with the DIP PRINT® technology.

## BOTTOM CLOSURE

The horizontal handrail bar is free from the bottom closure profile to guarantee a secure handle and a better surface cleaning.

Born from Styla's studies over the DIP-PRINT® technology, the wooden effect handrail WHL.40 perfectly reproduce the wooden or materic texture of any natural surface: having aluminium supports, it shares the same characteristics of sturdiness and practicality of HL.40 and AHL.40 models.

It can also be installed on double-plate plasterboard wall.

## Life-blend®

- Fire reaction B s1 d0
- Self-extinguishing
- PVC-free
- Non-toxic fumes
- Medical use
- VOC non-toxic certified
